

November 2022

Welcome to our new edition of Airwaves. Grab a cuppa, read & enjoy!

GOOD NEWS!

We've been talking about it on air for about 12 months, and we've been praying about it within the ministry for much longer (about 6 years), and it's finally happening!

Rhema Central Coast has found a new home! And we are so excited about it!

It's at 16 Dyer Cres, West Gosford, and has tremendous potential for the long term future of your Christian radio station, and much more!

We are so thankful to God for how he has clearly led us to this place, and the wonderful relationship we have developed with the building's owner. He is truly going the extra mile to partner with us in this adventure.

The vision for our new home, to be officially known as "RhemaCentral", is to become a hub of Christian Ministry on the Central Coast. Yes, it will house our FM radio operations for 94.9 Rhema.CC, but it will grow into so much more. There will be opportunities for other Christian ministries to share these premises, on long term short term, or even by-the-day basis.

We'll also be expanding the services we can offer the Church and other community organisations through improved and expanded broadcasting, recording, and production facilities.

We see it becoming a venue for small live music performances and other entertainment events.

It will take us a few months to get everything sorted out before we can make the actual move. There is just so much to do. *It's complex, and expensive, to move a radio station!* The planning is well under way. And as part of the plan we're making the whole place as accessible as possible to people with disability.

In the coming months we'll be creating opportunities for people to come and visit the new place and see for themselves what a fabulous facility this is. We've already begun this with our October Prayer Meeting being held on-site. *We want this place to be soaked in prayer, and dedicated to the expansion of God's Kingdom from day one!*

We'll be putting the word out to seek your support, obviously financially, but also from those who have skills they are willing to offer toward the relocation. So if you'd like to partner with us in this exciting and significant step in the history, and future direction, of Rhema Central Coast, we'd love to hear from you!

MEET THE TEAM!

For the next few issues of Airwaves we're going to introduce you to the team that makes Rhema.CC tick! In this issue we catch up with our lovingly nick-named "Little Frankie"!

Frank Soreca

1. Favourite food: Italian (partial to a good spag bol) or Chinese.
2. Why Rhema CC?: Had an interest in radio for many years. Great ministry in which to serve Jesus and spread the Gospel message. Fantastic people to work with and it's fun.
3. Highlights of your time with Rhema: Highlight is being on air and continual banter with the Rhema crew, particularly with Ebon, our Program and Music Director.

4. Hopes for the future with Rhema: To be able to continue in Rhema's ministry of broadcasting the hope we have in Jesus, especially now in this period of growth.

5. Favourite movie or game: Really haven't got any. *(But he does love his fishing!)*

Obviously with our relocation well under way, funding that is a primary focus for our November Appeal this year. However, as our June Appeal fell short of what we need to balance our regular operational budget, we will need to use some of whatever is raised for that as well.

Moving to our new home is a real stretch for us. It's a "faith stretch"! We're confident we are moving in the direction God is guiding, so we're assured in our hearts of His provision. But we know it will be a stretch!

As you consider your gift to our November Appeal, will you stretch with us? Will you dig a little deeper? Will you join your faith with ours and let God work through your hands, as we are praying for Him to work through ours? We really hope, and pray, that you will! We know you'll be abundantly blessed if you do.

And to make it even more exciting we'll be broadcasting from our future home over the three Open Days of Friday 11th to Sunday 13th November. We'd love you to come and pay us a visit and check out the new digs. We'll show you around and talk about our plans for the future. See you there!
